Part 4: Instructions for entering candidates for Cambridge group awards

4.1 Entering for the Cambridge International Certificate of Education (Cambridge ICE)

4.1.1 Introduction

Cambridge ICE is the group award of the Cambridge International General Certificate of Secondary Education (Cambridge IGCSE) and requires the study of subjects drawn from the following five subject groups:

- Languages (Group 1)
- Humanities (Group 2)
- Sciences (Group 3)
- Mathematics (Group 4)
- Professional and Creative (Group 5).

Centres benefit from offering their candidates a broad and balanced curriculum. To obtain the Cambridge ICE certificate, candidates must:

- be entered for the award
- gain a passing grade in at least seven ICE qualifying subjects
- of the qualifying subjects taken, at least six must be Cambridge IGCSE subjects
- gain at least two passing grades in the Languages subject group (Group 1)
- gain at least one passing grade in each of the other four subject groups (Groups 2–5).

4.1.2 How to enter for Cambridge ICE

You must check that your candidates are eligible to receive the group award before submitting the group award entry. You will be charged the entry fee for the group award even if your candidate is not eligible for the group award. We will only refund the entry fee if you withdraw the entry before the final entries deadline.

Candidates must be entered for the award by including the entry code 'ICE' in addition to the syllabus and option codes for the subjects they will be entering in that examination series. This entry code should be added in the same way as an additional syllabus code. If you are unsure how to add the 'ICE' entry code to your examination entries, please contact Customer Services.

IMPORTANT: You must include the 'ICE' entry code for a Cambridge ICE certificate to be issued. If the 'ICE' entry code is not used, a Cambridge ICE certificate will not be issued, but Cambridge IGCSE and/or O Level certificates will be issued as normal.

4.1.3 Taking Cambridge ICE over two series

We encourage all candidates to enter for the qualifying subjects in a single examination series. However, candidates can accumulate the results to be used over two examination series, provided both series are held within a 13-month period. It is not possible to use results from more than two examination series (i.e. a candidate entering for Cambridge ICE in November 2017 may use results gained in the June 2017 or November 2016 series, but not both).

If candidates are entering over two series, consider the following:

- The 'ICE' entry code should only be entered in the examination series where the candidate is completing the award (i.e. when they are taking the last of their qualifying subjects).
- When making entries for the second examination series towards the Cambridge ICE award, you must provide the Centre and candidate numbers used in the first series.
- Any syllabus exclusions in force within a single examination series will also apply to the second series (for example, a candidate may not enter for both 0620 Chemistry and 0653 Combined Science in the same series; therefore, these syllabuses cannot both be counted towards Cambridge ICE certification).
- Any candidates entering for 0411 Drama over two examination series by taking the written component in June 2017 and the coursework in November 2017 must take all other Cambridge ICE qualifying subjects in these two examination series; it will not be possible to add further subjects in a third series.
- If any subjects from the first examination series are taken again in the second series, any grade awarded for the re-sit will not be counted for Cambridge ICE qualification purposes. Additionally, candidates wishing to enter for Cambridge ICE again, must meet the eligibility criteria without using

the subject entries previously used towards the calculation of their first Cambridge ICE. We therefore suggest that any candidates not eligible for the Cambridge ICE certificate in the current series, withdraw their Cambridge ICE entry.

4.1.4 List of qualifying subjects for Cambridge ICE

Qualifying subjects are shown below. Please note that the list contains all syllabuses available for the June and November exam series – please check the Cambridge IGCSE syllabus list to confirm the availability of each subject for the November 2017 series.

* 0680 Environmental Management can be taken as a qualifying subject in either Group 2 or Group 3. The subject cannot be used to satisfy the criteria for both subject groups.

** 0654 Co-ordinated Sciences is a Double-Award subject, and counts as two subjects for Cambridge ICE qualification purposes.

*** 0457 Global Perspectives can be taken as a qualifying subject in either Group 2 or Group 5. The subject cannot be used to satisfy the criteria for both subject groups.

**** Centres can offer these subjects over two series instead of a single June series by entering the written components in the June series and submitting coursework in the November series of the same year. Candidates splitting a Cambridge IGCSE entry over two sessions in this way should make sure that all other Cambridge ICE qualifying subjects are taken in the same two sessions; it will not be possible to take further subjects in a third session.
